

# Travel distances by car in Morocco

Travelling around Morocco is best judged in time rather than distance.

The times shown are approximate and take into consideration photo stops.

Casablanca Airport - Marrakech	3 hrs
Marrakech - Essaouira	2 hrs
Marrakech - Fes	6 hrs
Fes - Casablanca	4 hrs
**Marrakech - Desert	10 hrs
Marrakech - Ouarzazate	5 hrs
Efroud - Fes	6 hrs
Erfoud - Ouarzazate	5 hrs

\*\* On our trips to and from the desert regions it is necessary to overnight in Ouarzazate. This is due to the long trip involved going over the mountains.

For those wishing to self drive, this not something we recommend especially at night. Most traffic on the roads at night (animals included) does not always carry lights. Our Moroccan drivers are naturally expert at night driving and have the experience.
