- Specialist cookery lessons on request for residents only

Owned by a local family, renown for their excellent cuisine (finest in the region) and high level of service, this newly built Bled (farm) offers a extremely elegant and private location away from the bustle of Marrakech.

Located some 15 Kms (10 miles) from Marrakech, is situated in a very rural area of farmlands. The views toward the south look over towards the Atlas Mountains & to the north, over a massive private olive grove that belongs to the property. The setting provides peace and tranquillity.

Much of the fruit and vegetables used at the Bled are grown on the property and the olive grove produces some 600 litres of olive oil each year.

There are 3 swimming pools, Jacuzzi, a tennis court and numerous footpaths for jogging. Shortly the property will be further enhanced by their own riding stables.

V-BEF provides an excellent location for private or corporate groups. The extensive grounds of some 25 walled acres allow one to create tented environments for events. The Bled is a perfect setting for a wedding celebration.

The property offers special Moroccan cookery lessons and there is no finer location to learn from the best cooks in Marrakech.

This walled and private "estate" has 4 individual properties giving a total of 27 rooms, 2 prestige suites, 9 junior suites and 16 double or twin rooms, all with en-suite marble bathrooms. There are numerous sitting rooms, terraces and dining areas.
