

# WITH YOUR COMFORT AND SECURITY IN MIND

## Kasbah du Toubkal and Covid-19

Thanks to the strict controls put in place by Moroccan authorities, the reported cases of Covid-19 in the Kingdom are much lower than almost anywhere in Europe. While tourism is immensely important to the country, those controls will stay in place until visitors can be welcomed with a sense of personal security – and with the warmth of Moroccan culture, you will be made very welcome indeed. With our history of ‘care in the community’, Kasbah du Toubkal is taking great care of our staff, ensuring that not only have they been tested – and all found clear of the virus – but are temperature-checked daily to ensure any potential threat is nipped firmly in the bud. We brought in external auditors to run a course for our staff, to train them in how to minimize the risk of spreading Covid-19. The structure and location of the Kasbah, set as it is on a hill-top above the village of Imil, with the only access being by foot or mule, creates a venue with a lower risk of possible infection spreading.

Surrounded by beautiful countryside, with fresh mountain air, the Kasbah has spacious gardens and diverse open areas where guests can remain in their own social group or relax individually, while still maintaining social distancing following all recommended safety guidelines as put forward by the WHO (World Health Authority).

Most of our rooms are effectively stand-alone rooms in the gardens, so are less enclosed than in most hotels. With the majority of the rooms having windows on more than one side (three of the tower rooms have windows on all four sides) there is a free flow of fresh air, meaning air conditioning isn’t necessary. In the unfortunate event a guest should show symptoms of the virus, we have a self-contained house that can be used for self-isolation. We will continue monitoring the situation, ensuring we do everything possible to create a safe, secure and enjoyable experience for guests.

Covid-19 may be wreaking havoc worldwide, but what it cannot do is destroy the beauty of the High Atlas Mountains, nor damage the charm and friendliness of the Berber people, all of which will still be here to welcome you when this beautiful country is finally able to open its borders.
