

**DISCOVER LTD PERSONALISED TOURS IN MOROCCO**  
**Marrakech ~ The Kasbah**  
**Tailor made for the discerning traveller**

This tour allows the discerning traveller to stay right in the heart of the Medina of Marrakech, in a sumptuous Riad. This is 5\*\*\*\*\* luxury but with the intimacy of a private house. Having experienced the exotic imperial city of Marrakech we will take you to the stunning Kasbah du Toubkal, a magnificent mountain retreat spectacularly situated in the heart of the High Atlas near the foot of Jbel Toubkal, the highest mountain in North Africa.

**Marrakech**

We use a number of Riads in Marrakech for accommodation in the medina and they are usually 5/10 minutes walk from the Djemaa el-Fna, Marrakech's famous square, which is the city's living theatre. Here, milling throngs of people watch displays by musicians, dancers, storytellers, boxers, snake charmers and more besides. Stalls sell freshly-squeezed orange juice, peanuts and roasted chick peas, while cooking smells waft from stalls selling soup, kebabs and grilled fish among other weird and wonderful local delicacies.

We also feature a number of fine hotels in Marrakech for those who prefer a more modern environment.

We specialise in many other tailor made trips that encompass the coastal regions and the desert as well as Marrakech and the Kasbah. For further details please do not hesitate to contact us.

Our tailor made trips start at £ 120 (Sterling) per person per day and include full board accommodation at the Kasbah and half board accommodation at all other destinations.

## Marrakech

Tours of the ancient city can be arranged if desired or alternatively you may choose to wander by yourself through the labyrinth of streets that make up the Medina. Our friendly staff are there to give you as much or as little assistance as you need. A city tour is included in the price.

## The High Atlas and The Kasbah du Toubkal

The Kasbah is only 40 miles from Marrakech but the peace, quiet and seclusion are so complete that the city seems a million miles away. From here you can explore the village of Imlil, nearby hamlets and the surrounding mountain landscape, on foot or by mule, or just put your feet up and relax. For those that wish, fully supported hikes (qualified mountain guide and mule) up Toubkal at 4165 metres can also be arranged. Our prices include transfers to and from the Kasbah.

This area was formerly the preserve of the mountaineer or the intrepid traveller. Now The Kasbah du Toubkal, a 11 en-suite roomed Berber mansion, provides a base where the discerning visitor can stay in comfort without the hardship historically associated with visits to this spectacular region. So impressive is the scenery that film director Martin Scorsese chose Imlil as one of the locations for *Kundun*, his film about the Dalai Lama, temporarily transforming The Kasbah into a Tibetan monastery.
